

# THE 2025 PART LIST

## PART NUMBER

## MODEL

## ITEM DESCRIPTION

ATT-2	Attendant-2	The Attendant - Including 2 High Voltage Relays
ATT-2-CHEM	Attendant-2 + Chemistry Module	The Attendant + Chemistry - Including 2 HV Relays
ATT-2-DUALCHEM	Attendant-2 + Dual Chemistry Module	The Attendant + Dual Chemistry - Including 2 HV Relays
ATT-4	Attendant-4	The Attendant - Including 4 High Voltage Relays
ATT-4-CHEM	Attendant-4 + Chemistry Module	The Attendant + Chemistry - Including 4 HV Relays
ATT-4-DUALCHEM	Attendant-4 + Dual Chemistry Module	The Attendant + Dual Chemistry - Including 4 HV Relays
ATT-6	Attendant-6	The Attendant - Including 6 High Voltage Relays
ATT-6-CHEM	Attendant-6 + Chemistry Module	The Attendant + Chemistry - Including 6 HV Relays
ATT-6-DUALCHEM	Attendant-6 + Dual Chemistry Module	The Attendant + Dual Chemistry - Including 6 HV Relays
ATT-8	Attendant-8	The Attendant - Including 8 High Voltage Relays
ATT-8-CHEM	Attendant-8 + Chemistry Module	The Attendant + Chemistry - Including 8 HV Relays
ATT-8-DUALCHEM	Attendant-8 + Dual Chemistry Module	The Attendant + Dual Chemistry - Including 8 HV Relays
ATT-MINI	Attendant Mini	The Attendant Mini
ATT-MINI-CHEM	Attendant Mini + Chemistry Module	The Attendant Mini + Chemistry Module and Cable Kit
ATT-MINI-CHEM-PROBES	Attendant Mini + Chemistry Module & Probe Kit	The Attendant Mini + Chemistry Module, pH and ORP Probes & Cable Kit
ATT-MINI-EXP	Attendant Mini Expansion Unit	The Attendant Mini Expansion Unit which provides for additional device support.
ATT-CHEM	Chemistry Module	Including Add-on Chemistry Board and 2 25ft BNC Cables, necessary for leveraging our Chemistry Management Features
ATT-CPK	Chemistry Probe Kit	Including a pH and ORP probe necessary to track and record chemistry values via the Poolside Attendant app
ATT-FLOW-CELL	Chemistry Sensing Flow Cell	2" In Line Chemistry Sensor Cell. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware

## PART NUMBER

## MODEL

## ITEM DESCRIPTION

ATT-DUALCHEM

Dual Chemistry Module

Including 2 Add-on Chemistry Boards and 4 25ft BNC Cables, necessary for adding Dual Body of Water Chemistry Management Features

ATT-DUALCHEM-EXP

Dual Chemistry Expansion Board

Including 1 Expansion Card and 2 25ft BNC Cables, necessary for adding Dual Body of Water Chemistry Management Features to an existing Attendant + Chemistry installation

ATT-HVRK

High Voltage Relay Kit

Including 10 High Voltage Relays allowing for expansion on larger system installations

ATT-HVR2P

High Voltage Relay 2 Pack

Including 2 High Voltage Relays allowing for expansion on larger system installations

ATT-LACK

Legacy Automation Conversion Kit

Including 8 15ft cables that can be cut to length, allowing for relay connections to be made to an existing legacy automation system

ATT-TSK

Temperature Sensor Kit

Including 2 Thermistors & 2 Clamps

ATT-CFK

Calibration Fluid Kit

Including 1 set of pH and ORP probe calibration fluids

ATT-FLOW-SENSOR

Digital Flow Sensor

Add-On compatible with H2Flow Flowvis Sensors (1.5" through 8" models). 13 ft cable included

ATT-FLOW-2

FlowVis 2" Flow Meter with Digital Flow Sensor

FlowVis 2" Flow Meter with Digital Flow Sensor and 13 ft cable

## FUTURE 2025 PRODUCTS

ATT-FREECHLOR-PROBE

Free Chlorine Probe

ATT-TOTALCHLOR-PROBE

Total Chlorine Probe

ATT-DO-PROBE

Dissolved Oxygen Probe

ATT-CHLOR-FLOW-CELL

Chlorine Probe Flow Cell

ATT-CHLOR-FLOW-REG

Chlorine Probe Flow Regulator
